

ABAYOMI DOLL ACTIVITY

1

Take a long rectangle of t-shirt fabric and make a knot at one end.

2

Take a piece of the colored square fabrics and cut a triangle slit in it. Pull it up through the body of the doll to make a shirt.

3

Take another piece of t-shirt fabric and tie it around the body of the doll. Tie a knot on the ends for hands. Then cut a slit up the bottom of the body and tie knots on the end for the doll's feet. Trim any extra fabric.

4

Take a long piece of fabric and make a skirt for the doll. Use ribbon to make a belt and extra fabric to make a head scarf. Now you have your own Abayomi Doll!
