

Bin Yah Gullah Informance

Rice Art

- Rice is an important crop for the Gullah and Seminole people. They eat it and also grow it to sell. We will use it to make pictures.

Supplies:

Glue construction paper (1/2 sheets) rice (colored and plain)
Small containers for the rice

Procedure:

1. Pour a small amount of rice into the containers.
2. Talk about growing rice in the Sea Islands and Florida.
3. The children can make a design on the paper using the glue.
4. Sprinkle rice over the glue.
